

**TECHNICAL DATA SHEET
FOR
Tinned Coated Soft Drawn Bare Copper Conductor**

Product ID: 14111005

Conductor description:

25 mm² - Tinned Coated Soft Drawn Bare Copper Conductor

Tinned coated soft drawn bare copper conductor with round shape non compacted class 2 stranded, complying with IEC 60228.

1.0 Conductor Dimensions Data:

1.1	Conductor Size:	25	mm ²
1.2	Nominal number of wires in the conductor:	7	
1.3	Overall diameter (Approx.):	6.4	mm
1.4	Standard length on reel:	1000	m
1.5	Tolerance of length:	± 5	%
1.6	Reel dimensions:	630*	mm

*Reel dimensions may be varied according to actual length.

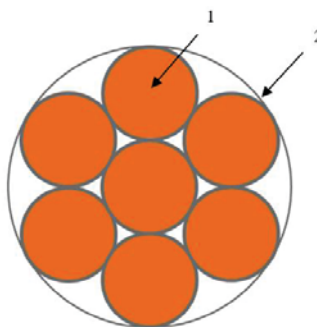

2.0 Electrical Characteristics:

2.1	Maximum Conductor DC resistance @ 20 °C:	0.734	Ω/km
-----	--	-------	------

3.0 Specifications:

- 3.1 The conductor is generally according to international standard
- IEC 60228 & ASTM B33

4.0 Drawing:

Description	25 mm ² , Tinned Coated Soft Drawn Bare Copper Conductor, Round Non-Compacted
1	Tinned Copper Wire
2	Tinned Copper Conductor
