

**TECHNICAL DATA SHEET
FOR
Soft Drawn Bare Copper Conductor**

Product ID: 14110130

Conductor description:

150 mm² -Soft Drawn Bare Copper Conductor

Soft drawn bare copper conductor with round shape non compacted class 2 stranded, complying with IEC 60228.

1.0 Conductor Dimensions Data:

1.1	Conductor Size:	150	mm ²
1.2	Nominal number of wires in the conductor:	37	
1.3	Overall diameter (Approx.):	15.22	mm
1.4	Standard length on reel:	1000	m
1.5	Tolerance of length:	± 5	%
1.6	Reel dimensions:	1100*	mm

*Reel dimensions may be varied according to actual length.

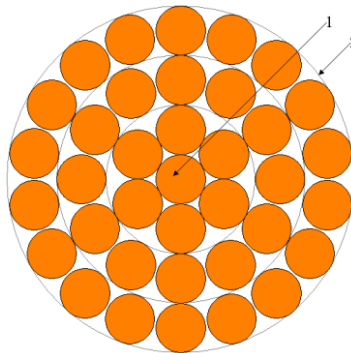

2.0 Electrical Characteristics:

2.1	Maximum Conductor DC resistance @ 20 °C:	0.124	Ω/km
-----	--	-------	------

3.0 Specifications:

3.1 The conductor is generally according to international standard
- IEC 60228 & ASTM B3

4.0 Drawing:

Description	150 mm ² , Soft Drawn Bare Copper Conductor, Round Non-Compacted
1	Copper Wire
2	Copper Conductor
